

RUBINETA

— since 1999 —

**PRODUCTS**  
**brochure**

RUBINETA is the European brand of certified sanitary faucets and sanitary accessories best noted for their faultless quality, modern design, innovative technologies and the first-class service. The RUBINETA trademark is known both in Lithuania and many countries of Europe and in the CIS since 1999, and has proven itself in the market as a reliable partner ensuring successful cooperation.

RUBINETA is a professional team of designers, engineers, marketing and sales specialists who made the trademark the largest in the market of the Baltic States.

Product range of the company includes a wide selection of sanitary faucets as well as

# WE

the accompanying sanitary equipment, the production process of which pays maximum attention to quality and continuous improvement of the output.

RUBINETA is a strict selection of materials and components from the best global manufacturers, control of their chemical composition, physical parameters and production technologies in order to fully comply with the quality standards. It also includes a 100% verification of manufactured products before they reach the hands of the buyer.

# Why RUBINETA?

With every Partner we are striving to establish a long-term, close and mutually beneficial cooperation, which includes a wide range of advantages.

Demand for any product and its successful realization always depends on satisfaction of requirements and expectations of the end user for whom the company has been improving throughout its history, and today is distinguished thanks to high competences and business experience.

RUBINETA

- **More than 18-year history of experience** in production of a wide range of sanitary faucets and complement products.
- **«Triple Check» quality control system** at the stages of design, manufacturing and assembly with **100% testing**.
- Guarantee of the best quality product in the **shortest delivery time**.
- **Active control of compliance with the trade and pricing policy**, oriented to avoidance of internal competition, and flexible pricing in every market, which ensures optimal balance of design, quality and price and creates the most favourable commercial interest for all Partners.

- Long-term experience of direct deliveries to DIY networks in different countries and related to it experience of application of effective sales increase and product promotion methods.
- **5-year warranty** and post-warranty service. Active civil liability insurance.
- **Hasle free marketing support, including:** distinguishing products in the large competitive environment and encouraging demand of the buyers, as well as advertising and information support.

- Introduced effective certified quality control system of manufacturing and company process management **ISO 9001:2015**. Presence of hygienic certificates and product conformity certificates in compliance with the standards of Russia, Republic of Belarus, Ukraine, Republic of Lithuania, Poland, Czech Republic and etc.
- **Quick response** and fast solution of any emerging issues, including qualified consultations for Partners concerning product range and sales increase methods.

Having carefully estimated needs and financial capabilities of the buyers, RUBINETA marketers have developed a certain segmentation of the faucet line, which distinguishes our products even in a fully saturated competitive environment and provides an accurate positioning in the market.

This segmentation gives a clear and precise definition of individual series, facilitates orientation of the buyer within the range and helps them to make the right choice.

RUBINETA

*Premium*

Faucets of the PREMIUM segment are of exclusive design. Faucets are completed only with the last generation cartridges / valves and aerators made by the leading worldwide manufacturers, guaranteeing application of the globally recognized advanced technologies as well as the most comfortable faultless service of the faucet.

RUBINETA

**Extra**

Faucets of the EXTRA segment are known for their modern design and efficiency.

Faucets are completed with reliable saving cartridges, valves of the RubiSave™ line and with aerators made by the leading global manufacturers, guaranteeing water saving throughout the period of faucet operation.

RUBINETA

**Standard**

These faucets stand for stability and reliability. All faucets of the STANDARD segment are of a classic design. Every faucet is completed with wearproof cartridges / valves and RubStandard™ line aerators that guarantee time-proof faultless functioning of the faucet.

## ADVANTAGES OF THE SEGMENT

- High quality materials
- Ergonomic, convenient and modern design
- All components comply with European standards
- Long life of ceramic cartridges
- Components from leading manufacturers: SEDAL (Spain), FLÜHS (Germany), VERNET (France). Anti-limestone CASCADE® SLC aerator by NEOPERL®, (Germany)
- 5-year warranty

The construction of concealed faucets is installed into the wall. That is why such faucet does not require much space in your bathroom. The minimum number of external parts do not bind and provide flexibility to the process of bathroom interior arrangement. Delicate, comfortable, reliable.

## Symbols: ADVANTAGES

2-YEAR WARRANTY

5-YEAR WARRANTY

EASY FIX – Rubineta faucets are installed quickly and easily.

100% TESTED – after assembly all our faucets are being 100% tested.

BRILLIANT SHINE – durable and glossy surface on all our faucets. We use more durable coating for shine and long-term use of faucets, which is more resistant to scratches, dents, limescale, rust.

HQ BRASS – high-quality brass with lowered content of harmful impurities is one of the most important component materials.

FLOW-CONTROL - the water stream can be adjusted by moving the aerators plate. The flow angle can be adjusted up to 10 degrees.

ANTI-NOISE faucets with the ANTI-NOISE system work silently and do not cause discomfort.

AERATOR ANTILIME – we use NEOPERL® Cascade SLC aerators a silicone surface, which prevents the formation of the lime scale and provides a steady stream of water over a long period of time. The aerator with the antilime function is easy to maintain, you simply swipe your finger over the silicon surface, and remove all the lime scale.

Flow control – save water and energy resources with our RubiSave cartridge. Having bought a faucet with the RubiSave cartridge, you can not only regulate the water consumption, but also the temperature and so reduce the consumption of water up to two times. Applies to all faucets of the EXTRA segment

Saves the water

Spout rotation

Touchless faucet

Saves the water 5l/min

Antivandal proof (Protection against theft)

Very reliable fixing

Mix air with water

Hygienic (no contact with the object)

## Symbols: COMPONENTS

The smooth work of the faucet is ensured by a pressure valve with a rubber gasket.

Ceramic valve with 180° rotation angle and noise absorber. It ensures long-lasting, silent and smooth functioning.

Ceramic valve FLUSH with flow controller and noise limiter is produced in Germany. Rotation angle - 270°. High quality valve ensures stable, long lasting, silent and reliable functioning.

THERMO – faucet with the built-in thermostat. Automatically mixes and maintains the set temperature of the water at the outlet. Prevents burns from the hot water in case of cold water pressure drop in the system.

DIVERTER without the function of an automatic switch.

DIVERTER with the function of an automatic switch.

DIVERTER with the function of an automatic switch and possibility of state fixation.

DIVERTER with ceramic elements.

Automatic diverter NEOPERL

30, 40, 45, 50, 60 CM HOSES – faucet is complemented with 30/40/45/50/60 cm connection hoses.

CARTRIDGE 25, 35, 40 mm – faucet is supplied with 25, 35, 40 mm ceramic cartridge, ensuring long-lasting and flawless performance of the faucet.

CHECK VALVE – mostly used for the prevention of impure water backflow to the water supply system.

AERATOR NEOPERL® Honeycomb – ensures long-lasting, quiet and flawless performance of the faucet.

Durable aerator

NO TOOLS - easy to assemble aerators, no special tools needed.

*Let's grow together!*
