Why RUBINETA?

1 WATER SAVING AND ECOLOGY

We care about the environment in which we live, so RUBINETA faucets will allow you to save up to 75% of the consumable water. This is our contribution to the overall economy of water resources, as well as to reducing the costs of consumers for water. Our customers will feel the results after receiving the first bill for consumed hot and cold water.

2 RELIABLE MANUFACTURER ES

19 years of experience on the market, strict requirements of the European Union and implemented ISO management standards guarantee the topicality and the highest quality of products. Guarantee of authenticity of products RUBINETA is a trademark recognized in the world market, registered in the International Trademark Register.

3 EXCEPTIONAL ATTENTION TO QUALITY

It is important for us that our client receives a high quality product, therefore all RUBINETA products entering stores and then entering your homes are 100% tested. The guarantee of the reliability of the purchased product is the unique 3-step quality control system created by the manufacturer and applied by RUBINETA.

- input quality control of raw materials and individual components;
- quality control at all stages of production, including after assembly laboratory testing of finished products;
- post-production quality control: visual inspection at the stage of picking, packaging and labeling of products.

4 5-YEAR WARRANTY

We are confident in the durability of our products and we want our customers to feel calm and confident, having made a decision to purchase RUBINETA for their home, therefore we provide a guarantee for all their products as proof of their undeniable reliability.

First day 5 years later

INSURANCE

5 We concern for your safety Your safety is our concern: all RUBINETA products are subject to the manufacturer's civil liability insurance. Insurance provides an opportunity for compensation for damage to property in the event that the cause is a hidden manufacturing defect of the product.

6 WARRANTY SERVICE

We take care of our end consumers, so in the event of a product malfunction, we will always provide the necessary prompt assistance: we will consult, repair or replace the product with a new one!

7 WIDE ASSORTMENT

RUBINETA understands that each client is unique, so we offer a choice for everyone: start with a simple everyday solution and complete with a modern and innovative one, so that everyone can find the perfect solution for their home!

SEGMENT

In order to more conveniently choose the ideal faucet, we have identified three segments - STANDART, EXTRA and PREMIUM

ADVANTAGES OF THE SEGMENT

- High quality materials
- Ergonomic, convenient and modern design
- All components comply with European standards
- Long life of ceramic cartridges
- Components from leading manufacturers: SEDAL (Spain), FLÜHS (Germany), VERNET (France). Anti-limestone CASCADE® SLC aerator by NEOPERL®, (Germany)
- 5-year warranty

CONCEALED FAUCET

NEW

The construction of concealed faucets is installed into the wall. That is why such faucet does not require much space in your bathroom. The minimum number of external parts do not bind and provide flexibility to the process of bathroom interior arrangement. Delicate, comfortable, reliable.

2-YEAR WARRANTY

5-YEAR WARRANTY

EASY FIX – Rubineta faucets are installed quickly and easily.

100% TESTED – after assembly all our faucets are being 100% tested.

BRILLIANT SHINE – durable and glossy surface on all our faucets. We use more durable coating for shine and long-term use of faucets, which is more resistant to scratches, dents, limescale, rust.

HQ BRASS – high-quality brass with lowered content of harmful impurities is one of the most important component materials.

FLOW-CONTROL - the water stream can be adjusted by moving the aerators plate. The flow angle can be adjusted up to 10 degrees.

ANTI-NOISE faucets with the ANTI-NOISE system work silently and do not cause discomfort.

AERATOR ANTILIME – we use NEOPERL® Cascade SLC aerators a silicone surface, which prevents the formation of the lime scale and provides a steady stream of water over a long period of time. The aerator with the antilime function is easy to maintain, you simply swipe your finger over the silicon surface, and remove all the lime scale.

Flow control – save water and energy resources with our RubiSave cartridge. Having bought a faucet with the RubiSave cartridge, you can not only regulate the water consumption, but also the temperature and so reduce the consumption of water up to two times. Applies to all faucets of the EXTRA segment

Saves the water

Spout rotation

Saves the water 5l/min

Touchless faucet

Very reliable fixing

Antivandal proof (Protection against theft)

Hygienic (no contact with the object)

Mix air with water

Symbols: COMPONENTS

The smooth work of the faucet is ensured by a pressure valve with a rubber gasket.

Ceramic valve with 180° rotation angle and noise absorber. It ensures long-lasting, silent and smooth functioning.

Ceramic valve FLUSH with flow controller and noise limiter is produced in Germany. Rotation angel - 270°. High quality valve ensures stable, long lasting, silent and reliable functioning.

THERMO – faucet with the built-in thermostat. Automatically mixes and maintains the set temperature of the water at the outlet. Prevents burns from the hot water in case of cold water pressure drop in the system.

DIVERTER without the function of an automatic switch.

DIVERTER with the function of an automatic switch.

DIVERTER with the function of an automatic switch and possibility of state fixation.

DIVERTER with ceramic elements.

Automatic diverter NEOPERL

30, 40, 45, 50, 60 CM HOSES – faucet is complemented with 30/40/45/50/60 cm connection hoses.

CARTRIDGE 25, 35, 40 mm – faucet is supplied with 25, 35, 40 mm ceramic cartridge, ensuring long-lasting and flawless performance of the faucet.

CHECK VALVE – mostly used for the prevention of impure water backflow to the water supply system.

AERATOR NEOPERL® Honeycomb – ensures long-lasting, quiet and flawless performance of the faucet.

NO TOOLS - easy to assemble aerators, no special tools needed.

Durable aerator
