We are pleased to present five different series in design and two-colour options: black and chrome. Chrome-plated accessories will easily blend in with any interior, giving the sensation of lightness and timeless style. Meanwhile, black accessories are already becoming a modern classic. If you think that your bathroom lacks that ultimate accent – black accessories will perfectly enliven the interior of your bathroom.

WE WILL TAKE CARE OF YOUR BATHROOM ACCENTS!

Our bathroom accessories are stylish, easy to adapt to any bathroom interior, and made of quality materials.

It is possible to buy the whole series of accessories or one/several of the needed items (applies to 3 series). The accessory sets are created taking in mind our customers' needs: not only it will decorate a bathroom, but it will also perform their direct function perfectly.

HIGH-QUALITY MATERIALS

- The black series are made of high-quality materials (more information on page 18). Using electrolysis for products' coating makes surfaces very durable and resistant to scratches and corrosion.
- Chrome-plated bathroom accessories are made of high-quality stainless steel, brass, and glass. Reliable coating does not lose its lustre.

The final highlight is stylish and safe packaging – an important touch which will give you even more joy.
